

Katiedra Swain

"I earned my BA in Criminal Justice. My plans after graduation are to be a Police Officer. I would like to thank my mom for sticking with me through this rough and long journey and for helping me become a first-generation college graduate. Even when I made it hard for you, and called you wanting to give up, you always told me don't quit, and there is always light at the end of the tunnel. So, on this day, it's not only a celebration for me, but a celebration for you as well. I love you so much and none of this would have been possible without you. You're the best mom a girl could ever ask for and you're truly one in a million."
